

Dear Community Sled Dog Race Committee:

As in 2011, the Uinta County Sled Dog Race Committee has again agreed to coordinate the junior musher race. We hope that your community will participate. If you have any questions about this information, please feel free to contact the City of Evanston Planning and Development Department at (307) 783-6470.

JUNIOR MUSER RACE 2012

WHO: Kids in grades third through twelfth. The sled dog race committee from each participating sled dog community will select two kids. No prior mushing experience is needed.

WHAT: The International Pedigree Stage Stop Sled Dog Race is a world class event. The junior musher race is a unique opportunity for kids to become involved in a great event. The sled dog race offers a positive environment where kids can witness a network of adult role models engaging in responsible behavior. Kids will experience support, enjoy a meaningful activity, and develop relationships with others. This event will help teach kids about the importance of community service.

WHEN: Saturday, February 4, 2012

WHERE: Quinn's Sports Complex in Park City, Utah

WHY: It's an opportunity for kids to participate in an internationally recognized event, learn the importance of volunteering, interact with others, and to have the chance to run a sled dog team.

HOW: Kids will volunteer ten hours at a non-profit organization of their choice. Each junior musher will pay a \$25 participation fee which will be donated to the Uinta County Community Youth Coalition, which is a 501(c) 3 non-profit organization. This money will be used to help provide free immunizations for children in Uinta County.

Registration forms and the \$25 participation fee are due no later than December 16, 2011. Please no exceptions. Please make checks payable to the Uinta County Sled Dog Race Committee. The Uinta County Sled Dog Race Committee will then submit a check to the Uinta County Community Youth Coalition.

Community service forms are due no later than January 16, 2012.

Each junior musher will be assigned a sled dog race musher with whom they can contact before the junior musher race. It is the junior musher's responsibility to contact their assigned musher.

Please send all junior musher race information to the following person:
