– Rabies

* Rabies vaccines must have been given no longer ago than March 1, 2017. 3 year rabies vaccines are acceptable. A current Rabies vaccination certificate, signed by a licensed veterinarian must be provided during the pre-race veterinary examination. If the musher is not able to provide one upon request, the musher will be required to have their dogs vaccinated by a local veterinarian and present the certificate to the Chief Veterinarian before their dogs will be allowed to enter the race.

Musher must be able to provide proof of purchase or procedure of vaccination during the official pre-race veterinary examination. The location of the pre-race veterinary examination will be located at the parking lot at the intersection of East Deloney Ave. & North Willow Street.

All dogs not participating in the competition but carried in the musher's or handler's truck or trailer, must have the same vaccinations as the participating dogs.

Section 4 CLAIMS

The musher agrees to hold the Stage Stop main sponsor, co-sponsor and other contributors to the Stage Stop (as distinguished from the individual mushers sponsors) harmless from any claim or demand based on any alleged action or non-action by the mushers, his dogs, agents, or others acting on his behalf. The musher also agrees to release the Stage Stop, competition sponsors and their agents and employees from any claim or demand resulting from injury to the musher, his dogs, property including, but not limited to, lost or dropped dogs and misplaced food and supplies.

Furthermore, the Stage Stop has the unqualified and unrestricted authority with regards to photography and to gathering of information on the competition and all participants involved, as well as to the use of such photographs and information for advertising, public relations or any other publicity purpose related to the competition. The musher shall sign any/all documents that the Stage Stop requests in evidence the foregoing. The documents must be executed at the Mushers' Meeting:

Section 5 MUSHERS' MEETING

Mushers must attend the pre-race Mushers' Meeting as well as any official musher banquet before the start of the competition. After &, or before each stage, there may be a mandatory Musher Meeting and official community function (all banquets) for all the participating mushers. Time and locations for meetings & functions will be announced by the Stage Stop prior to each event. A fine and time penalty will be levied if any of the aforementioned conditions are not met.

Section 6 RACE START

A. The Race Organization may change the starting time and place or cancel a stage as well as each succeeding stage due to unsafe weather and/or trail conditions not allowing for real competition.

- B.** The first stage (ceremonial start in Jackson, WY) will not be timed and counted, it will not become part of the musher's official race time. However, it is an official stage & must be completed in order to continue in the race. The fastest team on stage one (first timed stage) will be required to wear the designated leader bib during stage two (second timed stage).
- C.** The starting order of the ceremonial start will be determined by the order of race sign-up. Bib numbers will be assigned based on sign-up order.
- D.** The start order of each day will be based on finish order of the previous days stage, in a reverse start order. The race reserves the right to randomize the start order. This procedure will be followed throughout each stage of the race except for the first timed stage. The first timed stage starting order will be based on entry, Corresponding with the bib number.
- E.** The overall leader and/or the previous stage winner may be required to wear the designated leader bib.

Section 7 DOG IDENTIFICATION

All dogs will be identified, marked and/or tagged with any marking technique provided by the race including a micro-chip placed under the dog's skin by Stage Stop Veterinarians. Mushers must list the dog's name, tag number/letter, as well as the marking technique used, on the form provided by the race.

Part II MAIN RACE PROCEDURES

Section 8 STAGES AND CHECKPOINTS

- A.** The distance between each start and arrival is considered a stage. The start and arrival locations are considered checkpoints. Mushers may be requested to personally sign in upon arrival at a checkpoint and may have their mandatory gear checked upon any Race Official's request at any time.
- B.** In addition to the start and arrival checkpoint, there may be checkpoints along each stage. Mushers may be requested to sign an official control paper.

Section 9

TWENTY-FOUR HOUR STOPS

Twenty-four hour stops may be scheduled during transfers and necessary rest or travel days.

Section 10 RACE TIMING AND STARTING PROCEDURES

- A.** Teams will leave the starting line at defined intervals, typically three (3) minute intervals. A team not clearing the starting chute - minimum distance 100 feet (30.5 meters) shall make way for the next starting team(s) and in no way shall interfere with their progress. Any musher not able to start according to the order drawn, will have to do so one (1) minutes after the last musher scheduled to start that stage. Trail time for each team shall begin at its original start time, except teams required to start after the last scheduled musher will begin at the actual start. The Race Marshall may invoke a time penalty up to thirty (30) minutes for

missed start times. If a team fails at a second attempt the Race Marshall may invoke an additional time penalty or withdraw the team. Late start teams will leave in a succeeding one (1) minute interval order. Additional time may be allowed at the discretion of the Race Marshall.

B. The Race Marshall may impose a mandatory stop during any stage.

This stage will be considered one stage with one total accumulated time.

C. To be valid, each stage and related times must be certified by the Race Marshall. The Race Marshall may refuse to certify the times and not allow a stage if he and the judges find any evidence that reveals irregularities in officiating including trail breaking, marking and timing. The Race Marshall may either cancel or request the stage to be run again.

Section 11 SLED

A. Each musher may choose his own sled providing that it meets the necessary Stage Stop requirements, that is tandem hitch with one tow line and not fan type hitch. Braking devices must be placed between the runners and not extend beyond the length of the runners; all sleds must be provided with a brush bow, snow hook & snub-line. All parts & components of the sled must be in good working order at the start of each stage.

B. The sled must contain a sled bag capable of securely & safely hauling at least any two dogs in the team in addition to carrying mandatory equipment and food. Mandatory gear items may be carried in exterior pouches so long as those items are firmly secured & do not inhibit the musher from maneuvering & controlling the sled & or using the braking & or anchoring devices.

Section 12 SKIING BEHIND SLED

Skiing behind the sled is strictly forbidden.

Section 13 MANDATORY ITEMS

Each musher must have the following items available at each stage start and may be required by Race Officials to carry some or all of them on any stage:

A. Mandatory Gear

1.Knife

2. Ax with head weight of 1.5 pounds minimum and a handle to be at least twenty-two (22) inches long.

3. A snub line min length of 15' attached to the sled bridle.

4. First aid kit.

5. Any promotional materials provided by the race.

6. A veterinary book provided by the race vet team.

7. Proper cold weather sleeping bag; rated zero (0) degrees Fahrenheit equivalent to minus eighteen (18) degrees Celsius.

B. Mandatory Food:

1. Mandatory food for dogs and mushers must be carried from the start of a stage to a designated checkpoint. The food will consist of a minimum of ten (10) pounds of dog food and one (1) pounds rations for the musher. This is considered “emergency” food. Human & dog “snacks” intended to be consumed in the normal course of a race “stage” is supplemental & thus “non-mandatory”.
2. Mushers are responsible for carrying out any food not used and/or refuse taken into any areas on the trail.

Section 14 CRUEL AND INHUMANE TREATMENT

CRUEL AND INHUMANE TREATMENT OF DOGS THAT IMPLIES ANY ACTION OR NON-ACTION, CAUSING PAIN OR SUFFERING TO A DOG WILL NOT BE TOLERATED! FAILURE TO ADHERE TO THIS RULE WILL RESULT IN DISQUALIFICATION.

Section 15 MAXIMUM NUMBER OF DOGS

A musher may start the race with no more than ten(10) dogs on the tow line at any time. No dogs will be allowed to start in the basket. Dogs will be chosen from a maximum pool of fourteen (14) dogs. No dog may be added to a team once a stage has started. The maximum number of dogs in the team may be reduced to accommodate trail conditions at the discretion of the Race Marshall.

Section 16 JURISDICTION AND CARE

Dogs fall under the jurisdiction and care of the Chief Veterinarian and staff from the time the total pool number, the number of dogs entered in the race, is declared at the pre-race vet check on the first day, until one (1) hour after the team finishes the last stage or withdraws.

Section 17 DROPPED/PULLED DOG

- A. A musher may drop dogs at designated start and arrival checkpoints. A musher may drop a dog up until the team leaves the starting line. Additionally, a team already under way may return to the starting area to drop a dog but must not hinder the progress of other teams and may be temporarily detained before being allowed to resume racing.
- B. The Chief Veterinarian or race Marshall reserve the right to pull a dog from a team at any time. Any dog pulled by a veterinarian from the race will be identified, marked and not allowed to re-enter the race until such a time that the dog is recertified by the Chief Veterinarian. Recertification of dogs must be requested at least two hours prior to the mushers designated start time.
- C. All dogs not running in the stage, up to the maximum allowed for a stage, and the eleventh (11th) through fourteenth (14th) dogs, will be declared as disqualified for that stage.
- D. Care and transportation of all dogs is the responsibility of the musher. Dogs

must have bedding.

Section 18 DOG CARE

In joint agreement, the Chief Veterinarian, the Race Marshall and the Race Director may penalize a musher if the musher does not take proper care of the dogs, including dropped dogs, from the start until the end of the race. Race veterinarians may examine dogs on the teams at any time during the race. The musher or musher's handler must assist the veterinarian performing the examination or treatment on the musher's dog(s). All food and water must be ingested voluntarily by the dog, without use of physical or medical interventions.

Section 19 DOG HANDLING

A dog may not be carried by another team except during an emergency. Dogs must be carried in a humane manner and must be covered. Dogs may not be tied up behind the sled or allowed to run loose. Dogs may not be free-dropped at any race staging area or the pre-race vet check parking area.

Section 20 EXPIRED DOGS

Any dog expired on the trail must be covered and hauled in the sled to a checkpoint. The musher may transport the dog either to the checkpoint just passed or to the upcoming one. You must advise a Race Official or Race Vet ASAP either on the course or immediately upon finishing. The musher must then complete a report and present it to the Race Director or Chief Veterinarian along with the dog. All expired dogs will be necropsied by the Chief Veterinarian.

Section 21 SKI POLES

Ski Poles are not permitted

Section 22 HARNESSSES

The neck and breast panel of all harnesses must be padded. Harnesses must always be in good condition.

Section 23 DRUG USE

No injectable, oral or topical drug which may suppress the signs of illness or injury may be used on a dog. No drugs or other artificial means may be used to drive a dog or cause a dog to perform or attempt to perform beyond its natural ability. A musher may not inject any substance into their dogs during the race.

The following drugs are prohibited:

- A. Analgesics (prescriptive or non-prescriptive).
- B. Anti-inflammatory drugs, including but not limited to:
 1. Corticosteroids
 2. Antiprostaglandins
 3. Nonsteroidal anti-inflammatories
 4. Salicylates
 5. DMSO
- C. Central nervous system stimulants

- D. Cough suppressants
- E. Anesthetics
- F. Diuretics
- G. Anabolic steroids
- H. Muscle relaxants
- I. Injectable anticholinergics
- J. Antihistamines. K. Appetite Stimulants (including but not limited to Capromorelin).

Dogs are subject to the collection of urine or blood samples, at the discretion of the testing veterinarian, at any point from the pre-race examination until two (2) hours after the teams finish the last stage. The musher or a handler will remain with the dogs. All results will be sealed and signed before the tests are considered complete.

A musher must assist the veterinarian in collecting samples whenever requested. If blood or urine testing of a dog reveals any of the prohibitive drugs in the dog, this rule has been violated regardless of when such drugs were administered to the dog. It should be noted that current drug testing techniques can reveal substances administered up to 2 weeks before the testing. If there is any concern about medications used on the dogs prior to the race, the musher should speak to the chief veterinarian at the pre-race vet check or the musher meeting. Also, it should be noted that some non-prescription anti-diarrheals (such as Kaopectate, Pepto-Bismol) and some herbal preparations will cause a positive drug test and therefore are prohibited. Any concerns about these preparations should be addressed prior to the race with the chief veterinarian.

The external use of topical corticosteroids is generally limited to use on the feet. In certain cases, topical eye ointments containing steroids may be allowed by the veterinary team.

The use of megestrol acetate (Ovaban) as an estrus suppressant is permitted in intact females. This medication must be declared at the pre-race vet check and recorded by the examining veterinarian at that time. Please note that Cheque drops (mibolerone) are no longer allowed on racing dogs.

The practice of blood doping i.e. injection of whole blood, packed blood cells or blood substitutes is prohibited.

Race veterinarians may utilize any of the listed drugs or other prohibited drugs necessary to maintain a dog's health. However, such dogs will be withdrawn from the race. The use of general or local anesthetics will not be allowed in any form unless the dog is withdrawn from the race.

Personal prescriptions written for and carried by the mushers may not be used on the dogs.

Section 24 UNMANAGEABLE TEAM

Mushers may receive aid to control an unmanageable team and may continue in the race providing that it does not interfere with the progress of another team.

Section 25 FOLLOWING MARKED TRAIL

All teams and mushers must complete the entire race as marked and check in whenever requested.

Section 26 DRIVERLESS TEAM

Anyone may stop and secure a driverless team or a loose dog. The musher may recover his dogs either on foot or with another musher's help and then continue the race. Any assistance must be reported to a Race Official at the next checkpoint.

Section 27 TEAMS TIED UP TOGETHER

Two or more teams may not be tied up together except during an emergency. In that case, the teams involved must notify Race Officials at the next checkpoint.

Section 28 MOTORIZED VEHICLES

Mushers may not receive motorized assistance, except in an emergency. No pacing allowed. Any motorized assistance must be reported to the Race Marshall immediately upon entering a checkpoint.

Section 29 PASSING

When a team catches up with another team within a distance of 50 feet, the team behind has the immediate right-of-way upon request by saying "trail". The musher ahead must stop his dogs and hold them to the best of the musher's ability for a maximum of one (1) minute or until the other team has passed, whichever occurs first. The team which was passed may continue racing yet must remain behind for at least four (4) minutes or one mile before the musher must request the right of way. If the passing team becomes entangled as a result of the passing, the team's driver may require the overtaken team to stop for no longer than one (1) minute. The fastest Team has the right of way. If a team is stopped along the trail for any reason, care should be taken by the stopped teams driver to maintain an unobstructed path for oncoming teams to pass.

Section 30 NO MANS LAND

The race may establish a "no man's land" on some or all stages beginning approximately one (1) mile from each finish line. This condition will be announced at the stage drivers meeting, and if so, will be indicated by a sign. Once teams enter a "no man's land", Section 29 Passing, will no longer apply. However, if a team is stopped in "no man's land", the driver must make reasonable efforts to not block the trail.

Section 31 PARKING OF TEAM ALONG THE TRAIL

During the race, mushers must select a parking spot as to avoid their teams interfering with the progress of other teams. Mushers needing to stop momentarily must not interfere with the progress of the other teams. At checkpoints, teams must be parked in locations which do not interfere with the movement of other teams and mushers.

Section 32 LITTER

No littering on the trail, in camps or parking areas. Musher's are responsible for clean-up for team and self, including mandatory gear and food.

Section 33 OUTSIDE ASSISTANCE

Musher's may not receive outside assistance between a stage start and finish. This includes assistance in physically guiding a team at an intersection or turn around. Dog care and feeding between the start and finish is the musher's responsibility only.

If a driver, official or other person is present in a non-emergency situation, help is limited to holding the sled. If the driver is not present, the team may be stopped and held until the driver or a Race Official claims the team. Any assistance must be reported to the Race Marshall immediately after that stage.

Section 34 ABANDONED TEAMS/LOOSE DOGS

A. A musher who loses or abandons his team during a stage, whatever the reason, for a period of time in a location that does not allow the musher to exercise direct care and control over the team, may be required to withdraw from the Race.

B. All dogs starting a stage must return to the finish line either on the towline or in the basket. In the event that the musher cannot complete the stage with all dogs in gang line or sled, the team considered DNF for that stage and will be withdrawn from the race.

Section 35 ONE MUSER PER TEAM

There will be one musher per team only and that musher must complete the entire competition.

Section 36 RACE PROGRESS

To avoid any delay in the race progress and ease the Stage Stop tasks, the Race Marshall may eliminate a team which does not complete two (2) consecutive stages within 150% of the average time of the first three teams of each of these stages.

Section 37 FINISH

An official finish is determined by the nose of the first dog to cross the finish line. If a loose team crosses the finish line ahead of its musher, the team shall have finished when the musher crosses the finish line. Arriving teams are required to continue through the closed chute area past the second arrival to avoid any delaying other arriving teams.

Section 38 PRIZE AWARDS

A. The final prize award ceremony will be held no later than 24 hours following

the first team's arrival.

B. All mushers who have crossed the finish line up to two (2) hours before the awards ceremony must be present. The winner as well as 2nd and 3rd place mushers may be required to attend the awards ceremony together with a team dog.

Part III MUSER'S CONDUCT

Section 39 GOOD SAMARITAN RULE

A musher may be penalized for not helping another musher during an emergency. Penalty can range from a time or monetary fines.

Incidents should be reported to a Race Official at the next check point.

Section 40 INTERFERENCE

No musher may tamper with another musher's dog food or gear or interfere in any manner in the progress of any other team.

Section 41 SPORTSMANSHIP

Mushers shall conduct themselves in a civil, sportsmanship like manner throughout the competition. No abusive behavior towards anyone will be tolerated. Mushers will also be responsible for their handler's actions.

Section 42 USE OF DRUGS AND ALCOHOL

The Stage Stop will endeavor to provide a competition that is free of those drugs and medications that could unfairly enhance the performance of the musher or might endanger the musher's animals or the musher's health. For this reason, the following drugs which are banned by the International Olympic Committee are prohibited from the competition start until the competition ends, including the prize awards ceremony. Stimulants (amphetamines), ephedrine and related compounds (including anabolic steroids), diuretics, blood doping, street drugs and pain killer narcotics, including codeine, cocaine, heroin, and hallucinogens. Alcohol above the legal limit imposed by state traffic regulations.

Some physical disorders (i.e. high blood pressure and asthma) are commonly treated with above-listed banned drugs. (i.e. diuretics, metaproterenol and some inhalers). Therefore, mushers using these drugs should consult with their personal physician for substitute medication(s).

Under direct supervision of medical or drug testing staff, a musher may be requested to provide a urine sample 15 minutes after each day's stage.

A positive test or refusal to provide such a sample will subject the musher to disciplinary action(s).

Part IV RACE OFFICIALS AND PENALTIES

Section 43 RACE OFFICIALS

The Race Marshall and Judge(s) are responsible for the enforcement of all the Race Rules.

A. The veterinary staff is also responsible to assist with enforcement of dog care and treatment rules. In addition, the Chief Veterinarian is responsible to assist the race Marshall in all decisions that involve dog care and treatment.

B. The Race Marshall and Chief Veterinarian will consult with the Race Director prior to trail changes, disqualifications, withdrawals, press releases and penalties.

ALL DECISIONS WILL BE FINAL.

Section 44 PENALTIES

A rule infraction may lead to the issuance of a warning, fines, time penalties, censure or disqualification.

Any Race Official may issue a warning which must be reported to the Race Marshall. Time & or monetary penalties are issued by the Race Marshall.

Disqualification by the Race Marshall is based on recommendation of the other Race Officials. The Chief Veterinarian and Race Director will be included in all cases involving cruel and inhumane treatment. The Race Marshall's decision is final. Warnings may be issued for first time or minor violations

Fines may reach a maximum of US \$5,000.00 per violation and can be deducted from prize money. No musher will be allowed to participate in future Stage Stop events until fines are paid.

Time penalties of up to a maximum of five (5) hours per infraction may be issued if unintentional rule breaking gives the musher a time advantage.

Censures: The Board of Directors may censure a musher even once the race is over. A censure may be a warning and could lead to the musher's exclusion from future Stage Stop competition.

Any assessed penalty will be presented in writing to the musher.

Section 45 STAGE STOP ETHICS ON SPONSORING

The Stage Stop is and must remain a race with its own ethics and with an original and particular spirit which together make up its value and interest.

The Race Organization must make sure that the spirit of the race is not deviated by events which are against such a spirit, especially as far as advertising and sponsoring is concerned.

The mushers as well as the people who for any reason participate in the Race, even if they accompany or represent the mushers or are bound to the mushers by private agreements, must behave according to the spirit established by the Race Organization and refrain from any behavior which may be against this spirit. For this reason, the mushers may not wear clothes and use equipment that are against the interest of the race or cause damage to the race organization or to the official sponsors.

The race-bibs will be attached in such a way that the number and the name or names of the official sponsors be and remain perfectly visible during the entire race. at the start, at the finish and when the prizes are awarded, both daily and final. As for the sleds, the Race Organization reserves the right to have a communication space of 36 x 24 on one side of each sled.

For the protection of each participant and for the image of the Stage Stop, every

musher and handler participating in the 2018 Stage Stop gives their authorization to the race organization to supply and broadcast the photos and video footage representing the musher and his dogs taken before, during and after the event to be used for all kinds of support, through any technical supports as much by way of reproduction as by way of advertising, and the musher allows the Stage Stop to transmit these authorized uses to other parties.

Part V FINAL NOTE

The intent of these regulations is to ensure a fair competition. The Stage Stop appointed Race Officials are responsible for interpreting the rules to insure that intent.
